

Teaching the Word. Reaching the World!

January 5, 2010

There's nothing like World Bible School!

Have you stopped to think about it? No other ministry:

- reaches so many with the Good News of the Bible
- involves thousands of everyday, volunteer Christians
- does so much, so cost-effectively.

We are excited about what's in store for 2010 and beyond. God is blessing WBS with more opportunity than ever to reach more souls than ever with the Gospel message—and to involve more Christians in fulfilling the Great Commission.

That's what our 2010 *Impact Sunday* efforts are all about. We're seeking churches who will join us with a special day to emphasize *sharing Jesus* and a gift of support to WBS. Will you? Please review the enclosed brochure. There are extras to give to key people at your congregation. Be looking for the next mailed packet with our brief *Impact Sunday* DVD. Watch it yourself, then show it to the leaders there. It's a powerful testimony of how God is using WBS in *teaching the Word and reaching the World!*

In Christian Service,

John Reese
President

P.S. Join WBS and churches of Christ across the country on our *Impact Sunday* kick-off date, May 2nd, or a date you choose. Together, let's take Jesus to a lost world.
